Since its introduction in 1975, the BMW 3-series has earned a reputation as one of the world's greatest sports sedans. Unfortunately, it has also proven one of the more expensive to service and maintain. This book is dedicated to the legion of BMW 3-series owners who adore their cars and enjoy restoring, modifying, and maintaining them to perfection; its format allows more of these enthusiasts to get out into the garage and work on their BMWs—and in the process, to save a fortune. Created with the weekend mechanic in mind, this extensively illustrated manual offers 101 projects that will help you modify, maintain, and enhance your BMW 3-series sports sedan. Focusing on the 1984-1999 E30 and E36 models, 101 Performance Projects for Your BMW 3-Series presents all the necessary information, covers all the pitfalls, and assesses all the costs associated with performing an expansive array of weekend projects.

Provides research on the emergent issue of the Internet as a central organizing platform for integrating marketing communications.

In this volume, psychologists and communication experts present theory on understanding and predicting how learning occurs through media consumption. As the impact of traditional advertising has declined over the last couple of decades, marketers have scrambled to find other ways to effectively communicate with consumers. Among other approaches, marketers have utilized various forms of product integration. Product integration is mixing a commercial message in with the non-commercial message via TV, movie, video, and other entertainment venues. This book will be of interest to students and researchers in psychology, marketing, communication, advertising, and consumer behavior.
