The AHA and ERC 2010 Guidelines have increased the recommended depth of chest compressions from 1½-to-2 inches (3 -to-4 cm) to at least 2 inches (5 cm). ZOLL will soon provide new versions of our defibrillators with enhanced Real CPR Help that will indicate chest compressions are adequate only when they are at least 2 inches (5 cm) deep.

~~CPR Resuscitation Guidelines (CPR) Guidelines 2010 (CPR)~~
The 2010 AHA Guidelines for CPR and ECC once again emphasize the need for high-quality CPR, including • A compression rate of at least 100/min (a change from “approximately” 100/min) • A compression depth of at least 2 inches (5 cm) in adults and a compression depth of at least one third of the anterior- posterior diameter of the chest in infants and children (approximately 1.5 inches [4 cm] in infants and 2 inches [5 cm] in children).

2020 AHA Guidelines for CPR & ECC: The Virtual Experience. The American Heart Association is pleased to announce that the official 2020 American Heart Association Guidelines for CPR & Emergency Cardiovascular Care (2020 AHA Guidelines for CPR & ECC) will be published online in the AHA's flagship journal, Circulation, on Wednesday, October 21, 2020.

~~CPR & ECC Guidelines | American Heart Association CPR~~
In 2010, the American Heart Association's (AHA) Guidelines for CPR rearranged the order of CPR steps. Today, instead of A-B-C, which stood for airway and breathing first, followed by chest compressions , the AHA teaches rescuers to practice C-A-B: chest compressions first, then airway and breathing.

~~Why Did CPR Change from A-B-C to C-A-B?~~
Today the American Heart Association (AHA) and European Resuscitation Council (ERC) released their 2010 Guidelines for resuscitation. These guidelines are updated once every five years, and reflect the latest scientific research on CPR and ECC (Emergency Cardiac Care). As the Guidelines may impact how an Automated External Defibrillator (AED) guides a responder, Cardiac Science is committed to providing you with the latest information regarding any potential changes.
