Still Notorious, Radical, and Revolutionary 50 Years Later. A survival guide from one of the greatest creative organizers of the 20th century—now with a new foreword by co-conspirator, Lisa Fithian. Throughout the 1960's and 70's, Abbie Hoffman criss-crossed the country, ferreting out alternative ways of getting by in America—some illegal and all radical. Causing scandals with its advice on how to Survive!, Fight!, and Liberate! in the “prison that is Amerika,” *Steal This Book* is a revolutionary's manual to running a guerilla movement, as well as getting free food, housing, transportation, medical care, and more. This anniversary edition gives a new generation an insider's view into the movements of the sixties and seventies. While many of the holes in the system that Abbie exposed have since been plugged, the spirit of revolution, the dedication to opposing injustice, and the passion of creative activism continue to inspire today.

With the 1998 debut of its V92C, Victory Motorcycles became the New American Motorcycle. The epic story also told in the film *FORD V. FERRARI*: By the early 1960s, the Ford Motor Company, built to bring automobile transportation to the masses, was falling behind. Young Henry Ford II, who had taken the reins of his grandfather's company with little business experience to speak of, knew he had to do something to shake things up. Baby boomers were taking to the road in droves, looking for speed not safety, style not comfort. Meanwhile, Enzo Ferrari, whose cars epitomized style, lorded it over the European racing scene. He crafted beautiful sports cars, "science fiction on wheels," but was also called "the Assassin" because so many drivers perished while racing them. *Go Like Hell* tells the remarkable story of how Henry Ford II, with the help of a young visionary named Lee Iacocca and a former racing champion turned engineer, Carroll Shelby, concocted a scheme to reinvent the Ford company. They would enter the high-stakes world of European car racing, where an adventurous few threw safety and sanity to the wind. They would design, build, and race a car that could beat Ferrari at his own game at the most prestigious and brutal race in the world, something no American car had ever done. *Go Like Hell* transports readers to a risk-filled, glorious time in this brilliant portrait of a rivalry between two industrialists, the cars they built, and the "pilots" who would drive them to victory, or
