A Very Short Fairly Interesting and Reasonably Cheap Book About Studying Leadership: Edition 2 - Ebook written by Brad Jackson, Ken Parry. Read this book using Google Play Books app on your PC, android, iOS devices. Download for offline reading, highlight, bookmark or take notes while you read A Very Short Fairly Interesting and Reasonably Cheap Book About Studying Leadership: Edition 2.

Conceived by Chris Grey and written to get you thinking, the "Very Short, Fairly Interesting and Reasonably Cheap" series offers an informal, conversational, accessible yet sophisticated and critical overview of what you find in conventional textbooks. The Third Edition of Studying Organizations has been updated in light of the continuing financial and economic crisis. It shows how this grew out of a thirty year experiment in 'new capitalism' and links this to changes in the world of work organizations in terms of growing insecurity, inequality and to shifts in the status of management. Suitable for students of

organizational studies and management, professionals working in organizations and anyone curious about the workings of organizations. Visit Chris Grey's accompanying blog and read his comments on current news stories and how they relate to themes in the book.

The Second Edition of *Studying Leadership* guides the reader through the cacophony of competing perspectives and models of leadership; now updated with expanded discussion of hot topics like followership, gender, ethics, authenticity and leadership and the arts, set against the backdrop of the global financial crisis. Conceived by Chris Grey as an antidote to conventional textbooks, each book in the 'Very Short, Fairly Interesting and Reasonably Cheap' series takes a core area of the curriculum and turns it on its head by providing a critical and sophisticated overview of the key issues and debates in an informal, conversational and often humorous way. Suitable for students, researchers and practitioners studying leadership across all disciplines.

'Ann Cunliffe has produced a quite brilliant critical introduction to the study of management. This lucid, innovative and thought-provoking book takes a much needed look at the ethical and philosophical issues facing managers in contemporary organizations. A readable, thoughtful and intelligent book that students will love' - John Hassard, University of Manchester
Written to inform, challenge and entertain, this book explains alternative ways of thinking about management and managing people in a way that is easy to understand and enjoyable. The book covers topics that are central to management, organizational behaviour or leadership courses: what managers do, motivation, communication, and ethics. Ann Cunliffe breathes fresh air into these topics, emphasizing the importance of relations when thinking about management and drawing on a range of disciplines such as philosophy and linguistics. A trusted and respected academic who has written widely on management, Ann Cunliffe's book will stretch, surprise and reward undergraduate, postgraduate and MBA students.

'If strategy is the queen of business, then this book offers us the perfect introduction to her court! It is accessible, lively, and informative. The book repays the reader with wonderful account of how strategy works. It also lets the reader in on some of the darker secrets of strategy' - André Spicer, Associate Professor of Organisation Studies, Warwick Business School
Conceived by Chris Grey and written to get you thinking, the "Very Short, Fairly Interesting and Reasonably Cheap" series offers an informal, conversational, accessible yet sophisticated and critical overview of what you find in conventional textbooks. *Studying Strategy* is a welcoming, lively and thought provoking account that helps students get to grips with strategy's key issues and broad debates and introduce them to the latest ideas. Suitable for students of strategy at Undergraduate, Masters and MBA level, professionals involved in strategic decision making and anyone interested in how strategy works.

Conceived by Chris Grey, SAGE's 'A Very Short, Fairly Interesting and Reasonably Cheap' series shies away from the sterility of conventional textbooks, offering students an informal and accessible overview of the field which challenges the traditional literature. A bestseller from the series, this new edition of *A Very Short, Fairly Interesting and Reasonably Cheap Book about Management* by internationally renowned academic Ann L. Cunliffe has been updated to reflect current research. With inclusion of more international examples and coverage of ethical management, new ways of working and recent successes and failures in leadership in relation to the Covid pandemic, this book will stretch, surprise and reward business and management students at undergraduate, postgraduate and MBA levels.

Conceived by Chris Grey and written to get you thinking, the "Very Short, Fairly Interesting and Reasonably Cheap" series offers an informal, conversational, accessible yet sophisticated and critical overview of what you find in conventional textbooks. *Studying Marketing* is packed full of lively debate and funny anecdotes covering topics marketing students are familiar with, such as key thinkers and concepts, and some they are not. It looks at areas most textbooks ignore, such as the development of

File Type PDF A Very Short Fairly Interesting And Reasonably Cheap Book About Studying Organizations Free Ebooks About A

marketing as a discipline and as an academic subject, and raises arguments that students haven't heard about in their lectures. Suitable for Marketing students at Undergraduate and Postgraduate level. Along with professionals involved in marketing and anyone interested in how marketing works.

Conceived by Chris Grey, the Very Short, Fairly Interesting and Reasonably Cheap series offers an antidote to conventional textbooks. Each book takes a core area of the curriculum and turns it on its head by providing a critical and sophisticated overview of the key issues and debates in an informal, conversational and often humorous way. Looking beyond the usual colonial narrative of the subject, Amanda Earley encourages the reader to think reflectively and critically about overlooked aspects of International Marketing such as power relations, history, ethics, culture and politics. Examples are provided throughout with coverage of student-friendly brands such as Apple, Facebook and Google and their role in international marketing practices today. The author draws on history and the colonial era as well as illustrating the failure of American brands to break into other markets. There are also gritty, thought-provoking examples around racial divides in Asia and Australia. Need another "VSFI" book? Browse the series here

Conceived by Chris Grey and written to get you thinking, the "Very Short, Fairly Interesting and Reasonably Cheap" series offers an informal, conversational, accessible yet sophisticated and critical overview of what you find in conventional textbooks. The Second Edition of Qualitative Research provides a refreshing introduction to doing and debating qualitative research. The author uses updated content, ranging from photographs to novels and newspaper stories, to demonstrate how getting to grips with qualitative methods means asking ourselves fundamental questions about how we are influenced by contemporary culture. Suitable for Undergraduate students who are new to qualitative research and even Postgraduates and Practitioners who want re-assess their current understanding of the field.

Conceived by Chris Grey as an antidote to conventional textbooks, each book in the 'Very Short, Fairly Interesting and Reasonably Cheap' series takes a core area of the curriculum and turns it on its head by providing a critical and sophisticated overview of the key issues and debates in an informal, conversational and often humorous way.

Selected as an Outstanding Academic Title by Choice Magazine, January 2010 Conceived by Chris Grey and written to get you thinking, the "Very Short, Fairly Interesting and Reasonably Cheap" series offers an informal, conversational, accessible yet sophisticated and critical overview of what you find in conventional textbooks. In International Business, the authors challenge the principles of business in the context of trading blocs, protectionism, and restricted trade; the effects of international governing bodies like the WTO, the IMF and the World Bank; looking at this very big and interesting field with humour and insightfulness. Ideal for Undergraduate students in Business and Management, this text will also appeal to anyone interested in the fast-paced world of International Business.
