And the Wolf Finally Came -  
University of Pittsburgh Press  
The reasons for this decline, which is  
unique especially in its speed, were  
discussed by John P. Hoerr already in  
1988 in his book “ And the Wolf  
Finally Came ” . The best book on this  
subject I know. In 1965, when the  
American empire of steel still seemed  
to be in order, there were 237 blast

NerdSteel Nerd

A veteran reporter on American labor, John P. Hoerr analyzes the spectacular and tragic collapse of the steel industry in the 1980s. And the Wolf Finally Came demonstrates how an obsolete and adversarial relationship between management and labor made it impossible for the industry to adapt to a rapidly changing global economy.

And the Wolf Finally Came | This  
book reveals more about steel and  
some of its management and union  
personalities than has ever been  
written. It provides an intimate look at  
cause and effect in the decline of one  
of America's great basic industries,  
and it shows the importance of  
steel's labor relations experience to  
the country as a whole.
