Age—500 B.C.) covers the period from the dark prehistory of the Paleolithic Age to the development of the earliest centers of civilization in Egypt, Mesopotamia, and the Indus Valley. The lives of hunter-gatherers, the agricultural revolution, and the rise of the world's first cities are all vividly depicted in this richly illustrated text. Challenging map exercises and provocative review questions encourage meaningful reflection and historical analysis. Tests and answer keys are included.

History covers the breadth of the chronological history of the United States and also provides the necessary depth to ensure the course is manageable for instructors and students alike. U.S. History is designed to meet the scope and sequence requirements of most courses. The authors introduce key forces and major developments that together form the American experience, with particular attention paid to considering issues of race, class and gender. The text provides a balanced approach to U.S. history, considering the people, events and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience).

# Online Library Book Grade 12 History Textbook

Criticizes the way history is presented in current textbooks, and suggests a more accurate approach to teaching American history.

Aligned with national standards, these strategies and sample lessons turn learners into history detectives as they solve historical mysteries, prepare arguments for famous cases, and more.

“ Every teacher, every student of history, every citizen should read this book. It is both a refreshing antidote to what has passed for history in our educational system and a one-volume education in itself. ” —Howard Zinn A new edition of the national bestseller and American Book Award winner,

# Online Library Book Grade 12 History Textbook

with a new preface by the author. Since its first publication in 1995, *Lies My Teacher Told Me* has become one of the most important—and successful—history books of our time. Having sold nearly two million copies, the book also won an American Book Award and the Oliver Cromwell Cox Award for Distinguished Anti-Racist Scholarship and was heralded on the front page of the *New York Times*. For this new edition, Loewen has added a new preface that shows how inadequate history courses in high school help produce adult Americans who think Donald Trump can solve their problems, and calls out academic historians for abandoning the concept of truth in a misguided effort to be “objective.” What started out as a survey of the twelve leading American history textbooks has ended up being

what the San Francisco Chronicle calls “ an extremely convincing plea for truth in education. ” In *Lies My Teacher Told Me*, James W. Loewen brings history alive in all its complexity and ambiguity. Beginning with pre-Columbian history and ranging over characters and events as diverse as Reconstruction, Helen Keller, the first Thanksgiving, the My Lai massacre, 9/11, and the Iraq War, Loewen offers an eye-opening critique of existing textbooks, and a wonderful retelling of American history as it should—and could—be taught to American students.
