~~Destiny The Ruby Ring~~

The Ruby Ring series  
never fail to amaze me.

From its seemingly  
simple and redunctant  
storyline the author has  
created a world and  
characters so  
charismatic that it  
becomes evident that  
after the first two or  
three lines in to the book  
that you are not wasting  
your time with this

Just like the first book, I read this one 4 years ago as well. I have to say that this one was my favorite. You all know I love the second or third book in a book series. I don't know why but to me, the second is always better.
