Hell's Rejects is the first volume in a new series by the prolific M.R. Forbes. This is a fast paced space adventure, with a ragtag group brought together to help save the galaxy. While many of the characters might feel a bit formulaic, I like them and the how they play off of each other.

The most powerful starships ever constructed are gone. Thousands are dead. A fleet is in ruins. The attackers are unknown. The orders are clear: Recover the ships. Bury the bastards who stole them. Lieutenant Abigail Cage never expected to find herself in Hell. As a Highly Specialized Operational Combatant, she was one of the most respected soldiers in the military. Now she's doing hard labor on the most miserable planet in the universe. Not for long. The Earth Republic is looking for the most dangerous individuals it can control. The best of the worst, and Abbey happens to be one of them. The deal is simple: Bring back the starships, earn your freedom. Try to run, you die. It's a suicide mission, but she has nothing to lose. The only problem? There's a new threat in the galaxy. One with a power unlike anything anyone has ever seen. One that's been waiting for this moment for a very, very, long

time. And they want Abbey, too. Be careful what you wish for. They say Hell hath no fury like a woman scorned. They have no idea...

Sheriff Hayden Duke was born on the Starship Pilgrim, and expects to die there. Access points to the ship's controls are sealed, and systems that guide her are out of reach. It isn't perfect, but he has all he needs to be content- until his wife disappears. The only clue is a bloody hand print beneath a hatch that hasn't opened in hundreds of years.

A young ensign, recently graduated from the Northern Hemisphere Space Academy, is awakened abruptly in the middle of the night by alarms, flashing lights, and dire messages to abandon ship. The petite blonde pulls on some clothes and races through the spaceship in a desperate search for an available life pod-- but it appears all have already departed. So begins the epic story of Jenetta Carver. Get a tight grip on your book and prepare for an exciting adventure like few others because Jenetta is ready to take names and kick butts from one end of the galaxy to the other. She may be small, but she has an intellect as large as Colossus of Rhodes and makes General Sun-Tzu look like an amateur military enthusiast.

Fifty years ago, an alien fleet conquered Earth. It's time for us to take it back. Welcome to the rebellion...

In the twenty-fourth century, technology has cracked the secret inner workings of the human mind wide open. Memories are only as persistent as the timestamp with which they're written, while human consciousness can be saved to a storage device the size of a quarter and temporarily imprinted on

another person's brain stem in order to gain control. The possibilities are endless. As a member of Special Investigations, Cassidy is nearing his fiftieth imprint. Male, female, young or old, the tenet is always the same. Borrow the repo, do the job, clean up the loose ends and don't corrupt. After seventy years in the department, he thinks he's seen it all. He's never seen anything like this. Waking up illegally imprinted and sent to hunt a dangerous fugitive is just the start. Cassidy's about to learn that the world he knows isn't what it seems... Nothing is.

New from million-copy bestseller M.R. Forbes. One man's epic story of loyalty, perseverance, and hope in a galaxy at war. Alliance Navy Commander Grayson Stone is patrolling a nearby space station when a mysterious starship appears. It emerges from a storm of fire, its shields impenetrable, its weapons overwhelming, attacking without provocation and annihilating everything in its path. While his ship is badly damaged in the assault, Grayson manages to survive. Suddenly trapped behind the front line of the invasion, faced with gut-wrenching choices and near-impossible odds, he'll do whatever it takes to escape the grasp of the terrifying new enemy and send warning back home. Because if he fails, humankind will fall.

In this provocative, classic metaphysical thriller, a group of suburban amateur actors plagued by personal demons and terrors explore the pathways to heaven and hell. Certain inhabitants of Battle Hill, a small community on the outskirts of London, are preparing to mount a new play by the neighborhood's most illustrious resident, the writer Peter Stanhope. Each actor struggles with self-absorption, doubt, fear, and sin. But "the Hill" is not like other places. Here the past and present intermingle, ghosts walk among the living, and reality is often clouded by dreams and the dark fantastic. For young Pauline

Anstruther, who is caring for an aging grandmother and frightened by the specter of a doppelgänger who gets closer with each visitation, the prospect of heaven exists in the renowned playwright's willingness to bear the burden of her terror. For eminent historian Lawrence Wentworth, the rejection of his desire pulls him deeper inside himself, leaving him vulnerable to the lure of the succubus and opening wide the entrance to hell. A brilliant theological thriller, *Descent into Hell* is an extraordinary fictional meditation on sin and personal salvation by one of the twentieth century's most original and provocative literary artists. Charles Williams, a member of the Inklings alongside fellow Oxfordians C. S. Lewis, J. R. R. Tolkien, and Owen Barfield, has written a powerful work at once profoundly disturbing and gloriously uplifting, an ingenious amalgam of metaphysics, religious thought, and darkest fantasy.

"What does everyone in the modern world need to know? [The author's] answer to this most difficult of questions uniquely combines the hard-won truths of ancient tradition with the stunning revelations of cutting-edge scientific research. [The author discusses] discussing discipline, freedom, adventure and responsibility, distilling the world's wisdom into 12 practical and profound rules for life"--

In her first novel since *The Quick and the Dead* (a finalist for the Pulitzer Prize), the legendary writer takes us into an uncertain landscape after an environmental apocalypse, a world in which only the man-made has value, but some still wish to salvage the authentic. "She practices ... camouflage, except that instead of adapting to its environment, Williams's imagination, by remaining true to itself, reveals new colorations in the ecology around her." —A.O. Scott, *The New York Times Book Review* Khristen is a teenager who, her mother believes, was marked by greatness as a baby when she died for a moment and then came back to life. After Khristen's failing boarding school for gifted teens closes its doors, and she

finds that her mother has disappeared, she ranges across the dead landscape and washes up at a “resort” on the shores of a mysterious, putrid lake the elderly residents there call “Big Girl.” In a rotting honeycomb of rooms, these old ones plot actions to punish corporations and people they consider culpable in the destruction of the final scraps of nature’s beauty. What will Khristen and Jeffrey, the precocious ten-year-old boy she meets there, learn from this “gabby seditious lot, in the worst of health but with kamikaze hearts, an army of the aged and ill, determined to refresh, through crackpot violence, a plundered earth”? Rivetingly strange and beautiful, and delivered with Williams’s searing, deadpan wit, Harrow is their intertwined tale of paradise lost and of their reasons—against all reasonableness—to try and recover something of it.

Millions of Christians have struggled with how to reconcile God's love and God's judgment: Has God created billions of people over thousands of years only to select a few to go to heaven and everyone else to suffer forever in hell? Is this acceptable to God? How is this "good news"? Troubling questions—so troubling that many have lost their faith because of them. Others only whisper the questions to themselves, fearing or being taught that they might lose their faith and their church if they ask them out loud. But what if these questions trouble us for good reason? What if the story of heaven and hell we have been taught is not, in fact, what the Bible teaches? What if what Jesus meant by heaven, hell, and salvation are very different from how we have come to understand them? What if it is God who wants us to face these questions? Author, pastor, and innovative teacher Rob Bell presents a deeply biblical vision for rediscovering a richer, grander, truer, and more spiritually satisfying way of understanding heaven, hell, God, Jesus, salvation, and repentance. The result is the discovery that the "good news" is much, much better than we ever imagined. Love wins.
