The 'Millinery Hat Making and Design' texts offer insights into the different elements of the practice of millinery – the design, manufacture and sale of hats. 'Novelty Trimmings' is a detailed guide to the handmade ornaments traditionally used in millinery practice. Well-illustrated, it also contains a set of examination questions at the end for the avid millinery student. Contents of this volume include: Hand-Made Novelties - Flowers and Fruit - Bands and Rosettes - Wings and Quills - Buckles and Beads - Cabochons - Ornaments - Embroidered Novelties - Novelty Trimmings. This vintage text is being republished in a high quality, affordable edition, complete with a new introduction and reproductions of the illustrations and diagrams featured in the original.

This classic book contains a wealth of information on fancy and draped crowns in the craft of millinery, making this an excellent addition to the bookshelf of anyone with an interest in the subject. Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce and increasingly expensive. We are republishing many of these classic works in affordable, high quality, modern editions, using the original text and artwork.

Supplement to 3d ed. called Selected characteristics of occupations (physical demands, working conditions, training time) issued by Bureau of Employment Security.

Replete with detailed engravings, this four-volume catalogue was published to accompany the International Exhibition of 1862. Held in South Kensington from May to November, the exhibition showcased the progress made in a diverse range of crafts, trades and industries since the Great Exhibition of 1851. Over 6 million visitors came to view the wares of more than 28,000 exhibitors from Britain, her empire and beyond. Featuring explanatory notes and covering such fields as mining, engineering, textiles, printing and photography, this remains an instructive resource for social and economic historians. The exhibition's Illustrated Record, its Popular Guide and the industrial department's one-volume Official Catalogue have all been reissued in this series. Volume 3, given over to the Colonial Division and the Foreign Division, includes copious examples of manufactured and agricultural goods from India, occupying nearly 300 pages. Also featured are 91 exhibitors of Jamaican rum.
