Edition By Jarrell Md Bruce
Published By Lippincott
Williams Wilkins 2002

Ideal as a stand-alone review or as a companion to NMS Surgery, this highly practical casebook presents a series of surgical cases that begin with a clinical scenario and progress step by step through the decision-making process of patient management. It offers medical students a structured subject review, practice questions to prepare for the USMLE Step 2 exam, and an opportunity to work through clinical cases with a unique "what next" approach to decision making.
