Posted on January 17, 2017 by Michael James Leave a comment. Like most people with ears and eyes, I can’t stand Dane Cook. But fourceore and a few ‘comedy’ shows ago (well, not that long ago) he’s said in every group of friends, there’s always a “Karen” in the group. “Karen” represents the friend no one likes. Dane Cook Friend That Nobody Likes - YouTube.

The full story of the rise and spectacular comeback of the band hailed as the saviors of punk rock and the next U2 It's hard to believe that in early 2004 Green Day was considered over—the band was still together, but they were dismissed as a strictly 90s phenomenon, incapable of re-creating the success of their groundbreaking album Dookie. Then American Idiot debuted at #1 on the Billboard charts, stayed on the charts for nearly 18 months, and went on to sell more than four million records and to win Record of the Year (for “Boulevard of Broken Dreams”) at this year's Grammy's. Combining unique access to Green Day with a seasoned journalist's nose for a great story, Marc Spitz gives the complete account of the band, from their earliest days to their most recent explosion of popularity and critical acclaim. Foremost, Nobody Likes You is a story of friendship and the transporting power of playing very loud music. It is the story of how high school dropout Billie Joe Armstrong came to write song lyrics that inflamed the political conscience of fans in a way that two Yale graduates couldn't. Green Day's story—from rise, to fall, to rise again—has never before been fully told.

The Green Day story is very blunt: three school friends grow up together in a cluster of small blue-collar Californian towns, form a band ... and sell more than fifty million albums. Except it wasn't that simple. Self-confessed latch-key children, theirs is far from an easy ride. Inspired by both the energy of British punk bands like the Sex Pistols and Buzzcocks and cult American bands such as Dead Kennedys and Operation Ivy, Green Day formed in 1989 when all three members were still at school. Against a backdrop of dodgy glam rock revivalists and mainstream rock-pop, the trio were quickly selling out every underground club that booked them. They toured - constantly. Word spread, fast. Their 1994 major label debut Dookie was a 10-million-selling worldwide smash hit that seized the zeitgeist at a time when American rock music was still reeling from the death of Nirvana's frontman Kurt Cobain. With the arrival of Green Day, suddenly music was dumb, fun, upbeat and colourful again. Many now credit Green Day with saving rock from the hands of a hundred grunge-lite bands. Punk was back on the agenda. In 2004 Green Day reached a career pinnacle with the concept album American Idiot, a sophisticated commentary on modern life - not least dissatisfaction with their president and America's continued cultural and economical imperialism. With American Idiot, Green Day boldly went where few others have dared and as such have extended their fanbase even further - from pre-teen kids to previously sceptical critics. This book is the world's first full biography on Green Day. An authority on punk and hardcore, author Ben Myers charts the band members' difficult childhoods, the context of the band within the US and world punk scene and their glittering rise to success. The author has also interviewed the band for various magazines at different stages of their career, including in the midst of a riot in Los Angeles during the making of 2000's Warning album.Green Day is the biggest punk band in the world.This is how it happened...Unofficial and unauthorised

When an angry Rex is told he may not attend a party for which he has already torn up the invitation, he retreats under his bed and dreams of being invited to a series of parties from which he is ejected because of his misbehavior.

Goblin, a cheerful little homebody, lives in a cosy, rat-infested dungeon, with his only friend, Skeleton. Every day, Goblin and Skeleton play with the treasure in their dungeon. But one day, a gang of “heroic” adventurers bursts in. These marauders trash the place, steal all the treasure, and make off with Skeleton—leaving Goblin all alone! It's up to Goblin to save the day. But first he's going to have to leave the dungeon and find out how the rest of the world feels about goblins.

Why do I have these stupid looking teeth? Only weird Africans have a gap between their front teeth. It makes me look like a walking joke every time I open my mouth. Why is my hair so kinky? Nobody looks like me, and nobody wants to be my friend. This is the story of a loner who endured incessant psychological and physical battering about his race and appearance. “You have no friends. You’re not cool. You’re ugly! Shut Up!”

Celebrating 25 years of Green Day, from renowned photographer Bob Gruen It’s been 25 years since the breakthrough album Dookie put punk rock pioneers Green Day on the musical map, and renowned photographer Bob Gruen has been taking photos of the band ever since. Green Day includes behind-the-scenes photos as well as concert images from their international tours, many of which are previously unpublished—along with photographs from their Rock & Roll Hall of Fame Induction Ceremony in 2015 and in the recording studio. The book has the full support of the band, with quotes and commentary from Billie Joe Armstrong, Tre!, Cool, and Mike Dirnt throughout.

In this middle grade graphic novel from the acclaimed animator/cartoonist, Greta and her friend (and pet tortoise!) have to solve the mystery of Friendlytown. Greta is a handful, until her pet turtle, Nobody, teaches her to soften her ways. The two team up with her new friend, Gabby, to discover why the kind-hearted people of Friendlytown have turned so mean. Equal parts high-flying adventure and deeply felt inquiry into essential goodness of human nature, Greta Grump features tech-whiz cats, ornery gopher librarians, and gangs of squirrels in matching sweater vests. The warmhearted allegory of this graphic novel makes it perfectly calibrated to the present moment, when the need for us to look after one another is stronger than ever.

A group biography of '90s punk rock told through the prism of Green Day, The Offspring, NOFX, Rancid, Bad Religion, Social Distortion, and more Two decades after the Sex Pistols and the Ramones birthed punk music into the world, their artistic heirs burst onto the scene and changed the genre forever. While the punk originators remained underground favorites and were slow burns commercially, their heirs shattered commercial expectations for the genre. In 1994, Green Day and The Offspring each released their third albums, and the results were astounding. Green Day's Dookie went on to sell more than 15 million copies and The Offspring's Smash remains the all-time bestselling album released on an independent label. The times had changed, and so had the music. While many books, articles, and documentaries focus on the rise of punk in the '70s, few spend any substantial time on its resurgence in the '90s. Smash! will be the first to do so, detailing the circumstances surrounding the shift in '90s music culture away from grunge and legitimizing what many first-generation punks regard as post-punk, new wave, and generally anything but true punk music. With astounding access to all the key players of the time, including members of Green Day, The Offspring, NOFX, Rancid, Bad Religion, Social Distortion, and many others, renowned music writer Ian Winwood will at last give this significant, substantive, and compelling story its due. Punk rock bands were never truly successful or indeed truly famous, and that was that—until it wasn't. Smash! is the story of how the underdogs finally won and forever altered the landscape of mainstream music.

There is a light and it never goes out . . . or is there? Welcome to the big Reagan '80s, where ketchup is a vegetable and the Cold War looms large and chilly. If like Joe Green you were coming of age during this boom era, your main concerns include one or more of the following: a rainbow assortment of Polo shirts worn with the collar flipped up, K-Swiss tennis shoes, a new cable channel called MTV, and Top 40 radio. Stuck in the suburban haze of Long Island, New York, Joe Green knows there has got to be more to life. However, salvation is on the way, in the form of a quiffed-up quartet from Manchester, England, who take over the airways of a local radio station. Hearing the Smiths for the first time jerks Joe awake: Morrissey's wry and witty lyrics speak to him, and Johnny Marr's driven guitar chords get under his skin. He destroys his Phil Collins cassettes, pomades his hair into New Wave submission, studies up on his Oscar Wilde, and falls in love. He even shows up for dinner on time. That is, until his favorite band breaks up and then breaks his heart. Fast-forward some fifteen years. Joe Green is making a living as a rock journalist, still recovering from a wicked post-college smack addiction and slumming with youngsters who ironically “appreciate” the seminal '80s music that once gave his life meaning. It's too late to go home, or is it? What if Joe Green can get the Smiths back together? What if reuniting the long-broken-up band can reverse the passage of time and bring back the magic of youth? What if it helps him win the heart of the woman he loves? How Soon Is Never? is an acerbic, ingenious look at Reagan-era adolescence, the power of hearing a record that changes your life, and the dangers of nostalgia. Be prepared to see a bit of yourself in Joe Green.

Neil Strauss can uncover the naked truth like nobody else. With his groundbreaking book The Game, Strauss penetrated the secret society of pickup artists. Now, in Everyone Loves You When You're Dead, the Rolling Stone journalist collects the greatest moments from the most insane music interviews of all time. Join Neil Strauss, “The Mike Tyson of interviewers,” (Dave Piner, Soul Asylum), as he Makes Lady Gaga cry, tries to keep Mötley Crüe out of jail & is asked to smoke Kurt Cobain's ashes by Courtney Love Shoots guns with Ludacris, takes a ride with Neil Young & goes to church with Tom Cruise and his mother Spends the night with Trent Reznor, reads the mind of Britney Spears & finds religion with Stephen Colbert Gets picked on by Led Zeppelin, threatened by the mafia & serenade**d** by Leonard Cohen Picks up psychic clues with the CIA, diapers with Snoop Dog & prison survival tips from Rick James Goes drinking with Bruce Springsteen, dining with Gwen Stefani & hot tubbing with Marilyn Manson Talks glam with David Bowie, drugs with Madonna, death with Johnny Cash & sex with Chuck Berry Gets molested by the Strokes, in trouble with Prince & in bed with . . . you'll find out who inside. Enjoy many, many more awkward moments and accidental adventures with the world's number one stars in Everyone Love You When You're Dead.
