Manual mounted, digital instrument pod that tells a rider everything they need to know about fuel level, gearing, mph, RPM, and even maintenance items. The pod also has a simple choke knob to help with starting on cold mornings, and once running the rider really never needs to take their hands off the bars.

In the case of the new Polaris X2, the standard Sportsman 500 wheelbase has grown from 51 inches to 57 inches, while the length has gone from 81 inches to a whopping 93 inches. The longer wheelbase and length has made the machine much more stable for the rider and passenger.
