The Victorian era was the first great "Age of Doubt"; and a critical moment in the history of Western ideas. Leading nineteenth-century intellectuals battled the Church and struggled to absorb radical scientific discoveries that upended everything the Bible had taught them about the world. In "The Age of Doubt," distinguished scholar Christopher Lane tells the fascinating story of a society under strain as virtually all aspects of life changed abruptly. In deft portraits of scientific, literary, and intellectual icons who challenged the prevailing

religious orthodoxy, from Robert Chambers and Anne Bronte; to Charles Darwin and Thomas H. Huxley, Lane demonstrates how they and other Victorians succeeded in turning doubt from a religious sin into an ethical necessity. The dramatic adjustment of Victorian society has echoes today as technology, science, and religion grapple with moral issues that seemed unimaginable even a decade ago. Yet the Victorians'; crisis of faith generated a far more searching engagement with religious belief than the ";new atheism"; that has evolved today. More

generation before them, the Victorians came to view doubt as inseparable from belief, thought, and debate, as well as a much-needed antidote to fanaticism and unbridled certainty. By contrast, a look at today's extremes—from the biblical literalists behind the Creation Museum to the dogmatic rigidity of Richard Dawkins's atheism—highlights our modern-day inability to embrace doubt."

Framed in a lucid discussion of the intellectual issues surrounding the postmodern movement, the essays in this book re-examine the course of twentieth-century art through the work of twenty-five major sculptors.

McEvelley masterfully traces the evolution of modern sculpture from the readymades of Marcel Duchamp to the anti-painting statements of the 1960s to the spiritualism and conceptualism of the 1980s and 1990s. This is a groundbreaking work in the

Finn, #1 New York Times bestselling author of The Woman in the Window The day after a storm floods Vigàta, Inspector Montalbano encounters a strange, bedraggled woman who expresses interest in a certain yacht scheduled to dock that afternoon. Not long after she's gone, the crew of the yacht reports having found a dinghy in the port, and within it, a disfigured corpse. Also at anchor is an eighty-five-

Based on the information—and misinformation—the mysterious woman shared with him, Montalbano begins to think the occupants of the yacht just might know a little more about the man's death than they're letting on.

in Europe. Alec Ryrie looks to the history of the Reformation and argues that emotions—anger at priestly corruption and anxieties attending the erosion of time-honored certainties—were the handmaidens of atheism.

The Victorian crisis of faith has dominated discussions of religion and the Victorians. Stories are frequently told of prominent Victorians such as George Eliot losing their faith. This crisis is presented as demonstrating the intellectual weakness of Christianity as it was assaulted by new lines of

thought such as Darwinism and biblical criticism. This study serves as a corrective to that narrative. It focuses on freethinking and Secularist leaders who came to faith. As sceptics, they had imbibed all the latest ideas that seemed to undermine faith; nevertheless, they went on to experience a crisis of doubt, and then to defend in their writings and lectures the intellectual cogency of Christianity. The Victorian crisis of doubt was surprisingly large. Telling this story serves to restore its true proportion and to reveal the intellectual strength of faith in the

period of dead calm. An elderly brother and sister open fire on the plaza below their apartment, punishing the people of Vigàta for their sins. News cameras capture Montalbano—gun in hand—as he scales the building to capture the ancient snipers. Inside he finds a nightmarish world of religious objects and a well-worn inflatable sex doll that will come back to haunt him. The Inspector is hailed as a hero after the televised adventure and calm returns. But Montalbano begins to receive cryptic messages in verse, challenging him to go on a "treasure hunt." Intrigued,

"Fascinating, elegant . . . [Easterbrook] invests the timeless question of life's meaning with distinctly contemporary pertinence."--George Will, Newsweek Yes, says Gregg Easterbrook in this provocative and probing new book. In the tradition of Jack Miles's *God A Biography* and the work of Karen Armstrong, *Beside Still Waters* ponders the question "Is there anything left to believe in?" Gregg Easterbrook persuasively

argues that rationality and outright doubt are inevitable and indeed vital elements of spiritual faith. Other new and important ideas about spiritual thought include the challenging observation that the Bible never actually proclaims God omnipotent -- a concept, Easterbrook suggests, that arose through the sociology and politics of religion, nor Scripture. Bucking the current trend to undermine the Bible's historical value, he affirms that it is neither simple myth nor mere literature, but rather it records many genuine events that can be seen to chart a spiritual
