The Tao of Mermaids contains positive, inspiring and effective messages, exercises, and instructions to help you unlock the universal code, manifest your heart's desire, and live the life of your dreams. This book will explain to you the magic of the Mermaids and the water element, teach you how to decode Angel, Mermaid and Dolphin messages in dreams, crystals and numbers, and give you access to the ancient civilizations of Lemuria and Atlantis, showing you how to apply this knowledge to enrich your life today. In a practical, enjoyable way you will learn how to use the wisdom of the Tao to improve your daily life and heal yourself, discover the links between food and spirituality, and learn how to manifest your soul mate. This book also contains the very personal story of how Kitty Bishop attracted her own soul mate eleven years ago by following the techniques outlined in this book. The teachings in this book are tried and testedthey work. This book gives you the keys to unlocking the code. All you have to do is step through the door.

Although the spirit beings of the four elements of nature have been represented in literature, religion, and folk tales, descriptions of these creatures have been vague, and direct experience with them is quite rare. Yet each of the four elemental kingdoms offers great gifts to humanity, if we are willing to recognize that the psychological and spiritual qualities they embody are already inherent in human nature. Mermaids dwell in the oceans, lakes, and rivers. They offer love and sharing, a sense of wonder, beauty, and innocence. Sylphs roam the sky; they represent harmony, balance, and the attainment of freedom. Gnomes live underground. Their quiet inner wisdom banishes depression and sorrow. Salamanders dwell in volcanoes and vast caverns of magma beneath the earth. They offer the power of intense heat to refine, transform, and integrate. Who are these mysterious creatures of water, air, earth, and fire? Author William Mistele has devoted a significant portion of his life to finding out. Addressing the perennial questions Why are we here? What is the deepest purpose of life? What are our options?, Mermaids, Sylphs, Gnomes, and Salamanders takes the reader directly into the realms of these spirits, telling stories from their perspective. Weaving together fairy tales and poems, thoughtful analysis, and meditative exercises, Mistele illuminates the qualities these beings have mastered and humanity must begin to embrace: empathy, an inner peace with the universe, a divine level of sensuality, and a love that is everywhere in every moment. From the Trade Paperback edition.

The mermaid is known for her siren song, luring bedroom-eyed sailors to their demise. However, beneath these misguided myths are tales of escapism and healing, which Lovelace weaves throughout this empowering collection of poetry, taking you on a journey from the sea to the stars. They tried to silence her once and for all, but the mermaid's voice returns in this one.

#1 New York Times bestselling author Nora Roberts begins a new trilogy of adventure, romance, and magick in The Awakening. In the realm of Talamh, a teenage warrior named Keegan emerges from a lake holding a sword—representing both power and the terrifying responsibility to protect the Fey. In another realm known as Philadelphia, a young woman has just discovered she possesses a treasure of her own... When Breen Kelly was a girl, her father would tell her stories of magical places. Now she's an anxious twentysomething mired in student debt and working a job she hates. But one day she stumbles upon a shocking discovery: her mother has been hiding an investment account in her name. It has been funded by her long-lost father—and it's worth nearly four million dollars. This newfound fortune would be life-changing for anyone. But little does Breen know that when she uses some of the money to journey to Ireland, it will unlock mysteries she couldn't have imagined. Here, she will begin to understand why she kept seeing that silver-haired, elusive man, why she imagined his voice in her head saying Come home, Breen Siobhan. It's time you came home. Why she dreamed of dragons. And where her true destiny lies—through a portal in Galway that takes her to a land of faeries and mermaids, to a man named Keegan, and to the courage in her own heart that will guide her through a powerful, dangerous destiny...

Keith Johnstone's involvement with the theatre began when George Devine and Tony Richardson, artistic directors of the Royal Court Theatre, commissioned a play from him. This was in 1956. A few years later he was himself Associate Artistic Director, working as a play-reader and director, in particular helping to run the Writers' Group. The improvisatory techniques and exercises evolved there to foster spontaneity and narrative skills were developed further in the actors' studio then in demonstrations to schools and colleges and ultimately in the founding of a company of performers, called The Theatre Machine. Divided into four sections, 'Status', 'Spontaneity', 'Narrative Skills', and 'Masks and Trance', arranged more or less in the order a group might approach them, the book sets out the specific techniques and exercises which Johnstone has himself found most useful and most stimulating. The result is both an ideas book and a fascinating exploration of the nature of spontaneous creativity.

Entries describe an array of fantastic beings and events as well as the real-life people who claim to have witnessed them.

Sun Ra, Brian Eno, Lee Perry, Kate Bush, Kraftwerk, Aphex Twin, Ryuichi Sakamoto and Brian Wilson are interviewed in this extraordinary work of sonic history. It travels from the rainforests of Amazonas to virtual Las Vegas; from David Lynch's dream house high in the Hollywood Hills to the megalopolis of Tokyo. Ocean of Sound begins in 1889 at the Paris exposition when Debussy first heard Javanese music performed. An ethereal culture developed in response to the intangibility of 20th century communications. Author of Rap Attack 3 and Exotica, David Toop has in Ocean of Sound written an exhilarating, path-breaking account of ambient sound.
